

## Request for Proposals (RFP)

## **Section 1: Background**

From 1997 through January 2020 SHARE Foundation has provided funding in the form of grants as an outreach into the community. Over \$7.7 million has been awarded to 92 different qualifying not-for-profit organizations for grants and strategic initiatives. SHARE has partnered with numerous community leaders and organizations every four to five years to assess and reassess the health needs of Union County residents. The reassessment of community needs utilizes community forums and Union County surveys from UAMS, Centers for Disease Control, Robert Wood Johnson Foundation, and the Arkansas Department of Health to determine the latest trends. According to recent research that ranked the 75 counties in Arkansas with 1 being the best and 75 being the worst, Union County has declined in health outcomes to 57<sup>th</sup> and declined in health factors to 50<sup>th</sup>. One area of concern we follow is the incidence of violent crime. It is in response to this outlier that SHARE is working in collaboration with community partners to implement the Union County Violence Intervention Plan (VIP).

## **Section 2: Overview**

The VIP is the result of community-wide efforts that began in the Fall of 2016. SHARE Foundation formed a small core group that convened monthly to discuss evidence-based strategies and brainstorm ways to proactively address crime and violence prevention and intervention beginning with our youth and families. From these meetings and numerous other contacts, a list of over 75 people representing various community sectors including education, non-profit agencies, families, public and private sector leaders, healthcare and mental health providers, the justice system, law enforcement, government, media, and faith-based groups were invited to join this collaborative effort. Beginning in 2017 the core group hosted a variety of community events and focus groups as a grassroots effort to discover some of the issues that lead to violent behavior. That input from over 200 individuals has been incorporated into the VIP.

In 2020 we now have over 60 community stakeholders that convene in monthly coalitions focused around the six priorities that are identified to implement the VIP. These coalitions serve as a catalyst for change in our efforts to positively impact outcomes for children, youth, and families in our county, and SHARE utilizes the VIP to focus its grantmaking.

If we as a community are truly committed to changing the odds for young people and families in need, we have to change the way we do business. No single organization or person can do it independently. We must work together like never before to generate a greater impact than anyone could ever achieve alone. For this reason, funding preference will be given to collaborations.

In the words of Margaret Mead "never doubt that a small group of thoughtful committed citizens can change the world. Indeed, it is the only that ever has".

### **Section 3: Grant Administration Guidelines**

The mission of SHARE Foundation is to identify, develop and foster programs, and services that further the health and well-being of the people of our community and surrounding areas.

#### **I. Grant Types**

- A. Operations
- B. Project / Program
- C. Capital

#### **II. Grant Recipients**

Grants will be awarded to qualifying organizations which are:

- A. Public (governmental) agencies or tax-exempt under Section 501(c)(3) of the Internal Revenue Service Code;
- B. Located in or have evidence-based programs operating within Union County; or have evidence-based programs that would have a direct impact on Union County;

#### **III. Grant Exclusions**

SHARE Foundation does not fund:

- A. Direct support to individuals
- B. For-profit entities
- C. Disease-specific organizations seeking support for national projects and Programs
- D. Hospitals
- E. Trips, tours or travel to professional meetings
- F. Projects or programs of religions, fraternal, athletic or veterans groups when the primary beneficiaries of such undertakings would be their own members
- G. Social events or similar fund-raising activities
- H. Telethons
- I. Grants awarded for an indeterminate period of time
- J. Social or political action programs that advocate a specific point of view.

### **Section 4: Grant Awards Process**

Grant awards are made by the SHARE Foundation Board of Directors on an annual basis in January.

The SHARE Foundation Board of Directors has the power to give priority to and approve grants to any recipients qualified by Section 3, paragraph II which furthers the mission of SHARE.

## Section 5: Grant Application Process

Funding will be considered for projects which are evidence-based and implement crime and violence prevention and/or intervention strategies in the areas identified below for community involvement and family support.

Please review the Violence Intervention Plan below and the suggested evidence-based strategies and outcomes on the grants page of the SHARE Foundation website at <https://sharefoundation.com/our-agencies/grants-vip/grants-application.html> for additional insight into funding areas.

After verification that your program is eligible, please complete and submit your application with all required attachments on the grant portal by 11:45 p.m. on October 15. The portal is accessible on the grants page of the SHARE Foundation website at <https://sharefoundation.com/our-agencies/grants-vip/grants-application.html>.

Questions can be referred to Debbie Watts at (870) 881-9015 or [dwatts@sharefoundation.com](mailto:dwatts@sharefoundation.com).

# Community Involvement

## Priority: Mentoring and Role Models

- Will have caring, competent and consistent mentors for at-risk children

See references for suggested evidence-based strategies and outcomes on the grants page of the SHARE Foundation website [www.sharefoundation.com](http://www.sharefoundation.com)

## Strategies

- Implement a coordinated approach to increase the number of trained mentors
- Utilize the “Church Adopt A School Initiative”
- Utilize other evidence-based mentor training programs for youth
- Develop and conduct community awareness campaign regarding the importance of mentoring

## Targeted Outcomes

- Increase number of trained mentors
- Reduce in-school disciplinary actions such as bullying, campus violence, and in-school suspensions
- Improve academic performance
- Improve school attendance
- Provide mentors for non-profits

### Long term outcomes:

- Reduce Crime
- Reduce school dropout rates
- Reduce out of wedlock pregnancy

## Potential Partners

- Churches
- Schools
- Businesses
- Media
- Non-Profits
- Families
- Civic Organizations
- Volunteer Service Organizations
- Professional Associations
- Veterans Groups
