## A LETTER TO THE COMMUNITY:

It all began in 1996 with community leaders in El Dorado dreaming of improving the health and wellness in our area. In 2018, with 22 years of service to the community, the SHARE Foundation continued to make an impact not just in El Dorado, but throughout several counties in South Arkansas. Led by a board of directors who are committed to our mission, we strategically look for ways to make our area a better place to live and work. On these pages you can see the names of countless supporters who believe in our mission. Many others volunteer their time and efforts. Agency-wide, there was 8,476 hours of volunteer time given in 2018, creating a monetary value of \$173,673.24. We are grateful for all of those who help us accomplish our work.

Whether it is caring for patients and families dealing with a life limiting illnesses, or helping to fund a new teen center for boys and girls, you can depend on the SHARE Foundation to remain focused on community betterment. Through our seven programs and agencies we reach deep and wide into our community. Thousands of people are impacted annually through the work we do.

We thank you for being committed to our cause and we hope we will always be worthy of your support.

## PERSONAL IMPACT...

When one hears the word hospice, first thoughts often race to the end of life. However, our family's experience with Life Touch Hospice showed us that life is precious and should be lived to its fullest even in the darkest circumstances. From the first time we met with Life Touch Hospice, we knew he would be taken care of and that we were not alone. The clinical care provided by Life Touch Hospice was excellent. The staff was always compassionate and professional. They never made us feel like we were just another client, in fact, we were always made to feel special. This doesn't come through policy or procedure, it's truly the outward expression of God's spirit which obviously leads and guides the organization. Our family will be forever grateful for the compassion, care and support provided by Life Touch Hospice.
